

RAMJAS PUBLIC SCHOOL (DAY BOARDING)
Anand Parbat, New Delhi -110005

RDB/Cir/01/2022-23/

29-04-2022

Dear Parent

Warm Greetings!

We are all aware that daily COVID-19 cases and the positivity rate in Delhi has been showing an uptrend over the last few days. We collectively need to take measures to check the spread of Coronavirus and keep ourselves and others safe by following these simple preventive measures:

1. Covering mouth and nose properly with mask
2. Changing mask on a daily basis
3. Washing hands regularly with soap and water (Keep paper soap always with you in your pocket or bag)
4. Maintaining social distancing
5. Following good hygiene practices

Other than the above measures, students must also adhere to the following guidelines:

1. All **students** those who are aged **between 12-17 years** must immediately **get vaccinated** and send the **Vaccination Certificate** to the Class Teacher. However, it is strongly advisable that students with any kind of health issues must consult the doctor prior to vaccination.
2. Parents are advised **NOT to send** their **child to school if** the child is **unwell** and shows any symptoms of COVID -19 **viz. cold, cough, fever, headache, nausea etc.**
3. If any **student** is **diagnosed with COVID -19**, a copy of the **RTPCR Report must be sent to the school** authorities immediately. On recovery, the student will be allowed to join the school after receipt of the Negative COVID-19 Report.
4. If a family member of any student is diagnosed with COVID -19, it must be informed to the school authorities immediately. In such cases, the student should observe all quarantine rules and will not be allowed to attend the school during that period. Kindly cooperate with us for the safety of all.

We seek your cooperation in this regard for the safety and wellbeing of all the students and staff.

Regards

(Sarika Arora)
Principal
